

GRAINS RESEARCH UPDATE

NATIONAL GROWER NETWORK FORUM

2026

Driving profit through research

NSW HILLSTON, TUESDAY 28 JULY
Hillston Community Hall, Oxley Ave, Hillston NSW 2675

8:30am registration for a 9:00am start, finish 3:00pm

Join researchers, agronomists, and innovative growers at the Hillston GRDC Grains Research Update and NGN Forum both to explore leading-edge developments in grains research to enhance farm profitability and contribute your suggestions for GRDC investments for south west NSW.

Topics

- **Herbicide residues** – predictive models for herbicide bioavailability to guide crop rotation and residue risk management. *Mick Rose (Southern Cross University)*
- **Commercial scale mapping of 3D soil constraints** with multiple spatial datasets for precision management. *Patrick Filippi (Sydney University)*
- **Platforms and process to layer datasets to identify and manage paddock soil variability.** *Campbell Underwood (Precision Agriculture)*
- **Case studies identifying soil variability at paddock scale and addressing it.** *Josh Jager (Jager Farming) & Emma Ayliffe (Summit Ag)*
- **What's stripe rust really costing us? Yield gap trials with different varieties and fungicide treatments.** *Maurie Street (GOA)*
- **GRDC NGN forum**

(Agenda subject to change)

Cost: Free (registration essential for catering).
Morning tea, lunch & proceedings provided.
